§ 49-20. New connections.

No new connections shall be made to the sewer system of the village without a written permit issued by the Village Engineer. Applications shall be made on a form supplied by the Village Clerk. No connection from a residential structure shall be granted without the approval of the Village Engineer. No connection from any building or structure discharging other than sanitary waste shall be granted without the approval of the Village Engineer and the Binghamton Johnson City Joint Sewage Board. All connections to a sewer shall be made under the direction of, and be subject to the approval of, the Village Engineer and shall conform in all respects to applicable requirements of the Village Plumbing Code.

§ 49-21. Cost of connections.

All cost and expense incident to the installation and connection of any building to the sewer system shall be borne by the property owner. The property owner shall indemnify the village from any loss or damage that may directly be occasioned by the installation of a connection to the sewer system.
