Fire

We have received our new airpacks that we were awarded on the grant. Over the next month we will be working with the dealer and training on them to get them in service.

We had the building fire at 726 1/2 Chenango Street earlier in the month. Although I estimated about \$50k in fire damage, we were able to keep the fire in the kitchen, saving part of the apartment, the rest of the building, and the neighbor's house about 6-8 feet away. I estimated the property saved by the FD to be about \$200k (provided by Chief Griswold)

In addition, the Village may clear such sidewalks of snow and ice if they are not cleared by the owner or occupant within the said twenty-four (24) hours and assess the cost thereof against the owner of the adjacent property to defray the cost of the Village Code Enforcement Officer in determining which premises are in violation of this section and the time of the Village Clerk or Treasurer in determining the name of the owner of the property adjacent to said sidewalk.
